Register HK Event: On the Authenticity of Looted Antiquities and the Ethics of Studying Them (May 2, 6:30pm)

From ancient times, China has always been plagued by tomb-robbing, a problem that has become ever more severe over the last thirty years. To what extent are the Chinese cultural and educational institutions that buy these robbed artifacts on the Hong Kong antique market repatriating them to the mother country, or are they supporting the illicit antiquities market and encouraging even more tomb-robbing?

Join this talk in person or via Zoom to learn more from **Professor Edward Shaughnessy**, Lorraine J. and Herrlee G. Creel Distinguished Service Professor in Early Chinese Studies of the University of Chicago, on **May 2 at 6:30pm**.
