

January, 2016

Dear Alumni & Friends:

Happy New Year! Hope you have a great and joyful start for 2016!

The Center in Hong Kong welcomes the year with an array of events which cover a wide range of topics – from social enterprise initiatives to cancer genomics, start-up marketing to surgical ethics, and more.

We are also preparing for the coming of the next Study Abroad group for their civilization program themed 'Colonizations: Hong Kong'. This year, there will be 22 college students visiting from end of March till May. They will be interacting with local university students, alumni and learning Cantonese/ Mandarin during their stay.

In terms of academic collaboration, we have also established partnerships with various universities and institutions in Hong Kong on student exchange, internship and research opportunities. Stay tuned for more updates.

Here are the upcoming events in January and February:

- [Social Impact Leadership Series - Founding Your Own Social Venture \(Jan 19\)](#)
- [Cancer Genomics Conference \(Jan 25-26\)](#)
- [Start-up Marketing: How to Get Your Message to the Masses \(Feb 18\)](#)

I look forward to meeting you in person at future occasions. Have a prosperous year ahead.

With regards,

Kitty Chong  
Deputy Director
