Equip your teenager with essential skills for the future. Apply now to the Data Science Summer Academy (DSSA), taught by the UChicago Data Science Institute and hosted at the campus in Hong Kong for the first time! This transformative program empowers students with data science knowledge and real-world applications.

From July 22 to August 9, 2024, students will explore data analysis, coding in Python, and visualization techniques. This three-week program is led by renowned experts and offers engaging lectures, hands-on projects, and guest lectures. Excursions to relevant industries will help them connect the dots between classroom knowledge and real-world applications.

Don't miss this opportunity! Invest in your child's future and encourage them to apply to DSSA now! Visit <https://uchicago.hk/dssa2024> for more information and email hkprograms@uchicago.edu for inquiries.
