

Impact of Artificial Intelligence on Normative Ethical Clinical Practices

March 15, 2027

The Hong Kong Jockey Club University of Chicago Academic Complex |
The University of Chicago Francis and Rose Yuen Campus in Hong Kong

Micah Prochaska, MD, MSc

9:10 – 9:40 · Session 1

Associate Professor, Department of Medicine
Associate Director; Director, Graduate & Professional Education
MacLean Center for Clinical and Medical Ethics
The University of Chicago

Email: mprochas@bsd.uchicago.edu

Biography

Micah T. Prochaska, MD, MSc, SFHM, HEC-C, is Associate Professor of Medicine in the Section of Hospital Medicine at the University of Chicago, where he serves as Associate Director of the MacLean Center for Clinical and Medical Ethics, Director of Graduate and Professional Education in Bioethics, and Director of the Ethics Consultation Service. A practicing hospitalist and certified healthcare ethics consultant, he is an NIH-funded researcher who studies how hospital-based interventions affect patient-reported outcomes after discharge, with a focus on red blood cell transfusion and iron supplementation. He led the quality-of-life analysis of the international MINT trial, published in JAMA Internal Medicine and presented as a plenary at the 2025 International Society of Blood Transfusion Congress, and is an author of the AABB International Red Blood Cell Transfusion Guidelines. He chairs the AABB Patient Blood Management Standards Committee and serves on the editorial board of the Journal of Clinical Ethics. A committed educator, he directs the required Methods of Inquiry course at the Pritzker School of Medicine and co-directs two programs that train undergraduates in clinical research: the NIA-funded CHARISMA program and the Chicago Translational Medicine Program. He also created the University's Clinical Ethics Certificate Program and the clinical ethics track of the Master of Biomedical Sciences.

Varsha Katoju

9:40 – 10:00 · Session 1 (Student Speaker)
